## 66 SHOW REVIEW InnoTrans 2016

### Do you want your article published in *European Railway Review*?

We're looking for end-user industry experts from railway operators and track infrastructure owners, plus industry association personnel, to contribute free-of-charge informative and thought-provoking articles.

Can you write about ERTMS developments, level crossing safety initiatives, infrastructure maintenance technology, or high-speed rail progress?

Contact Craig Waters, Editor, via email at [cwaters@russellpublishing.com](mailto:cwaters@russellpublishing.com) for our editorial calendar or visit [www.europeanrailwayreview.com](http://www.europeanrailwayreview.com)

## SUPPLEMENT NOISE & VIBRATIONS

## 52 Why rail noise needs to be addressed

Marcin Wójcik, Policy Officer, European Commission's Directorate General for Mobility and Transport

## 54 The NDTAC scheme: assessing the ROI and incentive for retrofitting rail freight wagons as a result of noise abatement strategies

Maria Price, Head of European Policies and Public Affairs, International Union of Wagon Keepers (UIP), and Markus Vaerst, Acting Secretary General, European Rail Freight Association (ERFA)

## 59 Quality control measurement of a MSS after 30 years of operation

Adrian Egger, Company Executive, Trombik Ingenieure AG, and Markus Heim, Member – R&D Department, Getzner Werkstoffe GmbH

## COMING UP IN THE NEXT ISSUE:

- In-Depth Focus: High-Speed Rail
- Sustainability in the rail sector
- Industry regulations and legislations
- In-Depth Focus: Digitalisation for the passenger
- Profiles on Iberia, France, Turkey and MENA

Plus lots more!
