

“ The definition of public transportation must become broader than just mass transit; we must embrace any kind of on-demand and shared mobility solutions...” ”

MOHAMED MEZGHANI
Secretary General, UITP

Innovation and Digital Director, Keolis

Write for *Intelligent Transport*

Intelligent Transport is looking for authors. If you represent a public transport operator or authority that is taking part in a technology-led project, we'd like to hear from you. From digitalisation and data, autonomous vehicles and alternative power, to enhancing

passenger experience and accessibility, smart ticketing and MaaS, we're looking for case-study-like articles that focus on new technology. If this opportunity is of interest to you, please send a synopsis to Luke Antoniou, Editor, at lantoniou@russellpublishing.com
