Making the most of market opening

Approval of the EU's **Fourth Railway Package** (p25) paves the way for competitive tendering of most domestic passenger services in Europe. DB Regio runs the SÜWEX-branded network of regional services around Trier and Saarbrücken under a competitively tendered contract which started in December 2014, using a fleet of Stadler Flirt EMUs. COMMENT

3 The end of the beginning

INTELLIGENCE

7 Main Line | High speed line opens in Seoul suburbs, RENFE orders 15 Talgo Avril trainsets, FRA backs \$120bn Northeast Corridor investment

12 Urban Rail | Klang Valley MRT Line 1 opens, Italian state railway FS Group buys stake in Milano metro concessionaire, Ostrava selects Stadler trams

16 Market | Contracts & Tenders

18 Innovations | SNCF launches wi-fi on TGV services, automatic tram speed control trialed in Praha

19 Industry | Wabtec completes Faiveley acquisition, first UK-assembled IEP trainset rolled out

20 Analysis | DSB seeks to close 'an unhappy chapter' when it phases out IC4 DMUs, FRA reports uneven progress in Positive Train Control implementation, moving the economy forward in Australia

EUROPE

25 Fourth Railway Package clears the last hurdle | The European Parliament voted on December 14 to approve the final wording for the market pillar of the Fourth Railway Package. Murray Hughes reports from Brussels

28 Open access gains ground | Intercity open access passenger trains in Europe remain the exception rather than the rule, but new entrants established on busy corridors are spreading their wings. Murray Hughes investigates

33 A brighter future at night | Austrian Federal Railways has bucked the European trend of shrinking night train services by growing its offering, launching six new routes on December 11 under the Nightjet brand. Long-Distance Passenger Director Kurt Bauer explains the operator's strategy to Nick Kingsley

36 China targets an eastern gateway | Work is about to get underway on a Chinese-backed upgrading of the Beograd – Budapest

corridor, representing one of the largest rail infrastructure projects in eastern Europe

TRACK DESIGN

41 Matching ballastless track with bridge structures | New codes and standards will make it possible to eliminate rail expansion devices for continuous welded rail on many long bridges, making the use of ballastless trackforms more economical for high speed lines in particular

46 Taking trams across the Rhein | Novel expansion joints have been developed to help carry an extension of the Strasbourg light rail network over the River Rhein to the German town of Kehl

TICKETING & FARE COLLECTION

48 Towards mobility as a service | Train operators have yet to grasp the potential of a truly digitally enabled passenger experience, argues David Pitt of transaction technology specialist SilverRail

IN FOCUS

50 Myanmar Railways moves from expansion to consolidation | Faced with a dramatic drop in both traffic and revenue, Myanmar Railways is concentrating on a few key investment projects as it seeks to consolidate its core network. Peter Janssen reports from Yangon

FORUM

54 People | Juan Alfaro is to succeed Pablo Vázquez as President of RENFE Operadora

55 Research & Skills | Joint research centre opens in Qingdao, Australian young professionals pitch innovation ideas

56 Sidetrack | Dieter | Platform

57 Diary & Contact

58 Rail Supply Industry Watch | The economic outlook for the next year is mixed, as the global economy is likely to suffer from the suspension of trade agreements and major political conflicts have not been resolved. We asked our panel of industry executives about their expectations for business in 2017
