Volume 173 No 6 | June 2017

Plasser & Theurer will unveil its latest Unimat 09-4x4/4S E<sup>3</sup> universal tamping machine at the IAF track technology exhibition in Münster on May 30 – June 1. Fitted with an electric drive for the tamping vibration unit, this hybrid machine will be able to operate in fully electric or diesel-electric modes; it is also fitted with a Puritech filter system to permit diesel operation in tunnels.

Worldnet is acting as our mailing agent.

## COMMENT

3 The changing face of freight

## INTELLIGENCE

7 Main Line | Lineas targets freight modal shift, Nacala Corridor completion, rail investment in Iran

14 Urban Rail | ATO goes live on Paris RER, streetcars return to Detroit, Metrolinx orders Alstom LRVs

18 Market | Contracts & Tenders

20 Exhibition Report | Rail meets logistics at München trade show

21 Industry | Alstom to resume dividend payments, Siemens to cut jobs in Germany

22 Innovations | Novel electrification cantilever developed

25 Analysis | Examining Europe's railway noise problem, pressure mounts to remodel New York Penn station, Sino-Thai rail projects creep forward

## TRACK MAINTENANCE

30 BCS5 joins the high output programme | Introduction of a seventh 'factory train' has completed the expansion of Network Rail's high-output track renewals fleet, which is now responsible for the bulk of its track relaying and ballast cleaning work

34 In search of smart performance | Plasser & Theurer is developing its track machine range to enhance productivity and reduce environmental impact

39 Making tracks to Münster | More than 200 companies will be participating in the 27th IAF exhibition in Münster on May 30 to June 1

42 Integration across disciplines | Vossloh will be displaying a range of infrastructure products and services at IAF 2017

## RUSSIA & CENTRAL ASIA

44 Upgrades and new lines support freight expansion plans | Despite some delays related to the country's economic situation, Russian Railways continues to invest in upgrading and expansion projects, reports Toma Bačić

49 Sustaining a domestic industry | The Russian government has introduced a stimulus programme aimed at supporting its rolling stock supply industry through tough economic conditions

54 Kars – Tbilisi link nears completion | After many delays, the Kars – Tbilisi railway is on the point of completion, facilitating connections between Turkey and Central Asia

## DEPOTS & WORKSHOPS

58 Rethinking depot design | DB Engineering & Consulting assesses the evolution of rolling stock maintenance depots

## IN FOCUS

63 Making the most of the tourist market | With a new concession for long-distance passenger services due to start at the end of this year, Swiss Federal Railways is keen to build up business

66 Automation takes centre stage in metro upgrade programme | CBTC is to be installed on Lyon metro Line D while Line B will be converted from manual to driverless operation

68 Concept trains seek customers | Rolling stock suppliers showcase new products for the UK at Railtex show

69 Cruise trains set sail | Two more of Japan's national railway operators are launching luxury cruise trains

## FORUM

70 People | Elisabeth Borne named Transport Secretary in Macron cabinet, Ulrich Bouly becomes Chief Operating Officer at Thalys

71 Research & Skills | University launches rolling stock course in Poland, MTR Corp to support light rail in Jakarta

72 Dieter | Platform

73 Diary & Contact

74 Viewpoint | Ralf Jahncke argues that the rail freight sector must embrace a radical change in its approach to technology if it is to grow modal share
